

Almost all RD systems require users to obtain a Level 2 eAuthentication Account.

eAuthentication (eAuth) is the security system that USDA agencies use to grant access to its programs and web applications.

The first time you use your Level 2 eAuth to access one of our systems, you will be redirected to verify your identity. The service will display a page if something is missing in the user's eAuth profile and will also provide a link back to the eAuth registration page if this occurs.

Benefits of online verification:

- Fast
- Simple
- Mimics the way online banks or credit card accounts verify user identity

RD Apply – Online Identity Proofing					
1. Enter your Social Security Number	2. Complete the Identification Verification questions				
Registration Form					
Direction					
Press Video 44-00 To two of Generatorial III 2015 press to salesce of River and Revealed of River Termination Revealed and a salescence control of portions access prices to color, approximant memory termination in solutions Revealed there to same the revenue on your in annual revealers access to 40 and to approximate.	Which of the Notioning PROFERTIES have you NEVER owned?				

How to verify your identity online:

- enter your SSN (which is not saved in this process)
- answer the set of questions that relevant to your experiences
- answer all 4 questions correctly
- if you miss a question, additional questions will appear

Please wait 10 minutes before using your account.

Congratulations, you should now have a Level 2 eAuth ID!
