

CHAPTER 9: INCOME ANALYSIS

7 CFR 3555.152

9.1 INTRODUCTION

The lender is responsible to confirm applicants and households meet the eligibility criteria for the Single Family Housing Guaranteed Loan Program (SFHGLP). Lenders must calculate and document annual, adjusted annual, and repayment income. The guidance provided applies to all loans, including manually underwritten loans and loans that utilize the Agency's automated underwriting system, GUS.

SECTION 1: ELIGIBILITY INCOME

9.2 OVERVIEW

The SFHGLP assists very-low, low, and moderate-income households. Therefore, the lender must certify that any household that requests a loan guarantee does not exceed the adjusted annual income threshold for the applicable state and county where the dwelling is located. Additional information on income limits can be found in Appendix 5 of this Handbook.

This section assists lenders in analyzing income types, completing income calculations (annual, adjusted annual, and repayment), and documenting the income with acceptable verifications. Documentation of income calculations are recorded on Attachment 9-B, *Worksheet for Documenting Eligible Household and Repayment Income*, FNMA Form 1008 or Freddie Mac Form 1077, *Uniform Underwriting and Transmittal Summary*, or an equivalent lender income worksheet. Attachment 9-C provides a case study to illustrate how to properly complete the income worksheet. A public website is available to assist in the calculation of annual and adjusted annual income at:

[https://eligibility.sc.egov.usda.gov/eligibility/incomeEligibilityAction.do?pageAction=state.](https://eligibility.sc.egov.usda.gov/eligibility/incomeEligibilityAction.do?pageAction=state)

9.3 ANNUAL INCOME [7 CFR 3555.152(b)]

Annual income includes all eligible income sources from all adult household members, not just parties to the loan note. The annual income for the household will be used to calculate the adjusted annual household income. The adjusted annual income determines if the household is eligible for a guaranteed loan.

A. Income that is Never Counted

7 CFR 3555.152(b)(5) lists income sources that are never included in the annual income calculation. Refer to Attachment 9-A to review income and asset types, guidance for annual and repayment purposes, and documentation options acceptable to verify the income or asset source.

B. Calculation of Annual Income

Annual income is calculated for the ensuing 12 months, based on income verifications, documentation, and household composition. Lenders must examine all evidence to ensure the calculation is supported.

In addition to 7 CFR 3555.152(b) and Attachment 9-A, lenders must consider the following to calculate annual income:

- Use the gross amount, before any payroll deductions, of base wages and salaries, overtime pay, commissions, fees, tips, bonuses, housing allowances, and other compensations for personal services of all adult members of the household, unless they meet the exclusion criteria of 7 CFR 3555.152(b)(5) and Attachment 9-A. Documented cost of living allowances or wage increases that will be effective on or before loan closing must be included in the annual income calculation.
- Include the first \$480 of earned income from adult full-time students who are not an applicant, or a spouse of an applicant.
- Include the income of an applicant's spouse, unless the spouse has been living apart from the applicant for at least three months (for reasons other than military or work assignment), or court proceedings for divorce or legal separation have been commenced. Evidence to support living apart for three months may include, but is not limited to, an apartment lease, bills, or bank statements in their name alone delivered to a different address, etc. This guidance applies to domestic partners, significant others, and fiancée's that are currently living with the applicant as a household/family unit. This guidance does not apply to adult dependents age 18 and up.
- An adult household member that is currently unemployed but is seeking new employment must have their previous earnings included in annual income. The previous earnings are not required to be included when there is documented evidence to support they are not seeking to be reemployed, such as a tendered resignation or official termination from previous employer, or a signed statement

from the adult household member that they do not plan to pursue new employment.

- Income verifications provided by applicants that do not currently support historical earnings with the same employer (e.g. less hours worked, less overtime, less bonus, declining self-employment income, etc.) must be carefully reviewed to determine appropriate calculations.
- Verified changes of income amounts or sources in the ensuing 12 months must be documented. Examples include, but are not limited to, pending retirement, resignation tendered, documented raise that will occur prior to loan closing, etc.
- When an income source will not be received for the entire year, the amount anticipated to be received within the ensuing 12 months must continue to be included in annual income unless excluded under 7 CFR 3555.152(b)(5). Examples include, but are not limited to, child support, alimony, maintenance, Social Security, etc. Annual income is the total of all income sources for a 12-month timeframe. Income calculations must state the income source, the number of months receipt remaining for the ensuing 12-month timeframe, and the total amount to be received.

Lenders are responsible for accurately calculating annual household income. The calculation should be logical based on the history of income and documentation provided. Training is available on the USDA LINC Training and Resource Library website, located at <https://www.rd.usda.gov/resources/usda-linc-training-resource-library/lender-training>.

Annual income calculations will typically vary from adjusted annual and repayment income.

C. Income of Temporarily Absent Household Members

A household member is defined as all persons routinely living in the dwelling as a principal residence, except for live in aides, foster children, and foster adults (7 CFR 3555.10). If a member of the household that will make the dwelling their principal residence is temporarily absent, their income must be included.

D. Applicant Assets

Income earned from non-retirement assets may be required to be included in the annual income calculation, as applicable. Refer to paragraph 9.4 for guidance.

E. Verification Requirements

Lenders must verify income and asset documentation provided by applicants and other adult household members. Lenders will verify the income for each adult household member for the previous 2 years. The following guidance will assist:

- Written, oral, or electronic verifications, and documents provided or prepared by third-party sources are acceptable, unless otherwise specified. These verifications must be provided directly to the lender.
- Lenders may not accept verifications or documents transmitted by, or passed through, an interested third party such as builders, real estate professionals, or sellers.
- Facsimiles, photocopies, digital images, and computer-generated documents may be accepted in lieu of original forms, unless otherwise specified.
- The lender is responsible for the integrity and accuracy of the information in the mortgage underwriting file. Regardless of the type of documentation used to support the loan application, the documents must be legible and free of any alterations, erasures, “white-outs,” or similar indications that changes have been made.
- Verification documentation of household annual, adjusted annual, and repayment income will be retained in the lender’s permanent case file.
- Paystubs/earning statements must include adequate information to calculate income and include year-to-date earnings. The lender must utilize paystub(s)/earning statement(s) that are dated no earlier than 30 days prior to the initial loan application date.
- W-2 forms must include the most recent one or two years, as applicable. W-2’s must clearly identify the applicant and employer.
- Tax returns for self-employed borrowers must be copies of the original returns filed with the IRS and include all supporting schedules. Lenders may substitute IRS transcripts obtained directly from the IRS with all supporting schedules. The most recent tax return refers to the last return filed as determined by IRS schedule/deadlines. Lenders must continue to obtain the most recent two years of returns, as applicable. Applicants must not be delinquent on federal taxes as determined by the IRS.

- Applicants with an approved IRS extension for the current tax year may continue to be eligible if they are not delinquent on taxes owed, as determined by the IRS. Evidence of tax payments made, if applicable, must be retained in the lender's permanent loan file in accordance with Chapter 10 of this Handbook.
- Income and asset documents and verifications cannot be greater than 120 days old at time of loan closing. Divorce decrees, income tax returns, and other documents that do not expire will continue to have the most recent or filed copy accepted.
- Applicable income and asset documents greater than 120 days old at the time of loan closing must be updated or re-verified to support applicant/household eligibility.

For all loan types, lenders must verify the income for all applicants and adult household members (excluding eligible full-time students ages 18 and above) through one of the following documentation methods. Refer to Attachment 9-A for documentation and verification options that are acceptable to support income types.

1. Full Income Documentation – Non-Self-Employed

- W-2 forms for the most recent two tax years, which may be electronically generated or provided in paper format, or IRS Wage and Income transcripts;
- Paycheck stubs or payroll earning statements that report the most recent four weeks of earnings; and
- Prior to loan closing, a Verbal Verification of Employment (VVOE) must be obtained for all applicants within 10 business days of loan closing. A written verification or email confirmation (other than a paystub), that confirms the applicant's current employment status within this time frame is also acceptable. The documentation must include the name and title of the person who completed the verification for the employer. This verification will be retained in the lender's permanent loan file. Adverse changes to the applicant's employment may render the loan ineligible.

2. Alternative Income Documentation – Non-Self-Employed

- Written Verification of Employment (VOE): Electronically generated verifications from the employer or a verification service utilized by the employer, Form RD 1910-5, *Request for Verification of Employment*, or an equivalent HUD, VA, Fannie Mae, or Freddie Mac form may be utilized to verify the current year-to-date (YTD) and previous year's employment earnings. This verification must confirm base income/wages, bonus, overtime,

commissions, and other income sources earned, as applicable;

- Recent paycheck/earnings statement: Lenders must compare a recent paystub that includes YTD earnings and employment information to the VOE to confirm these two documents reasonably agree; and
- Prior to loan closing, a Verbal Verification of Employment (VVOE) must be obtained for all applicants within 10 business days of loan closing. A written verification or email confirmation (other than a paystub), that confirms the applicant's current employment status within this time frame is also acceptable. The documentation must include the name and title of the person who completed the verification for the employer. This verification will be retained in the lender's permanent loan file. Adverse changes to the applicant's employment may render the loan ineligible.

3. *Self-Employed Income Documentation*

Applicants or household members are considered self-employed when they have a 25 percent or greater ownership interest in a business. If the ownership interest is less than 25 percent, neither the "Business Owner" or "Self-Employed" options should be selected in GUS.

Federal Income Tax Returns for the business will be required when ownership is 25 percent or greater. The lender must analyze the most recent two-year history of the business earnings. Sharp increases or decreases in self-employment income may require the lender to review additional documentation to support their calculation of annual, adjusted annual, and repayment income. Sharp increases or decreases are defined as a 20 percent or greater variance for income earnings from the previous 12 months. The lender's permanent file must contain the following, as applicable:

- Federal Income Tax Returns (filed and signed) for the most recent two consecutive years with all schedules, or IRS transcripts that include all applicable schedules;
- Federal Income Tax Returns for the business (filed and signed) for the most recent two consecutive years with all schedules, or IRS transcripts that include all applicable schedules, if required for the ownership interest/business type;
- Recent profit and loss statement (not required to be audited); and
- Confirmation the business is operational, obtained within 30 days of the loan closing. Documentation may include evidence of a website, additional internet

documentation, licensing bureau certification, etc. Adverse changes to the business may render the applicants ineligible.

Lenders may utilize Fannie Mae Form 1084, *Cash Flow Analysis*, Fannie Mae Form 1088, *Comparative Income Analysis*, or a comparable self-employment evaluation form(s), and Attachment 9-E to assist in the calculation of self-employment income.

A business (full time or part-time) that is closed may be removed from consideration for annual income when the applicants provide a letter of explanation and documentation to the lender which details: 1. When the business was closed; 2. Why the business was closed; 3. How the business was closed; and 4. Evidence, satisfactory to the lender, to support the closure of the business.

REMINDER: Refer to Attachment 9-A for documentation options and verification requirements of additional income and asset types that may apply to the household. If a specific income or asset type is not listed, refer to 7 CFR 3555.152. All income and asset types must be documented and verified. The lender must retain all documentation and calculations in their permanent loan file.

4. IRS Transcripts: Verification of Income

IRS transcripts are required for all required household members in addition to the documentation option selected by the lender. Lenders must require each adult household member, as applicable, to complete and sign IRS Form 4506-T, *Request for Transcript of Tax Return*, or IRS Form 4506-C, *IVES Request for Transcript of Tax Return*, for the previous two tax years at the time of submission to the Agency. The 4506-T/4506-C must be used to request full transcripts with all schedules.

Full time students ages 18 and up that are not the applicant, co-applicant, or spouse of an applicant are not required to sign the 4506-T/4506-C or have transcripts provided.

Guaranteed loans cannot be made to a household that exceeds the applicable adjusted annual income limit. The transcripts provide a quality control measure to ensure all income and asset earnings reported to the IRS have been disclosed to the lender.

Lenders must obtain and review available transcripts prior to loan closing and retain them in their permanent loan file.

Previously unknown/undisclosed income or asset sources that are identified by the transcripts will require additional review by the lender and may render a loan file ineligible.

The lender is responsible for requesting tax transcripts in the early stages of the application process. When the lender is unable to obtain transcripts from the IRS for the applicants or required household members, they may document their correspondence to and from the IRS in the permanent loan file to support the omission. The loan file will be considered complete when the explanation is documented. Loan closings will not be delayed due to obstacles in obtaining the tax transcripts. The lender remains responsible for obtaining transcripts, even if post-closing.

9.4 CALCULATING INCOME FROM ASSETS [7 CFR 3555.152(d)]

Household members with cumulative net family assets (non-retirement) of \$50,000 or greater, must have those assets reviewed for annual income purposes, as indicated in 7 CFR 3555.152(d). Lenders must review the most recent asset information provided by applicants and household members at the time of loan application. Net family assets with actual earnings will use the stated rate of interest to calculate annual income. Net family assets that do not earn interest will use a current passbook savings rate (verified through the lender's personal banking rates, online website, etc.) to calculate annual income.

If the applicants have ownership in a business, or are self-employed, the lender should closely review the asset accounts to verify assets are not transferred between a personal account and a business account and vice versa. These accounts should function as two separate financial tools, one for personal transactions and one for business transactions. In the event the assets from the business account and personal account are co-mingled, the co-mingled assets would need to be included in the calculation of net family assets.

Refer to the Asset section in Attachment 9-A for individual asset types and options for documentation/verification.

9.5 ADJUSTED ANNUAL INCOME [7 CFR 3555.152(c)]

The adjusted annual income calculation will determine if the household is eligible for the guaranteed loan program. Adjusted annual income is calculated by using the annual income calculation and subtracting any of the eligible deductions in 7 CFR 3555.152(c) for which the household may qualify. Attachment 9-C provides an example of using deductions.

Refer to Attachment 9-A for information and documentation options to support these eligible deductions:

- Dependents
- Child Care Expenses
- Elderly Household
- Care of Household Members with Disabilities
- Medical Expenses

9.6 AGENCY REVIEW OF HOUSEHOLD INCOME

The Agency will recalculate the lender's determination of adjusted annual income, as a quality control step, when the lender's calculation is within 10 percent of the applicable published income limit. The Agency review is only required for manually underwritten loans, defined as application types that are not supported by GUS and applications submitted to GUS that have received an underwriting recommendation of Refer or Refer with Caution.

If the Agency's calculation exceeds the adjusted annual income threshold, the Agency will contact the approved lender to review the results and determine the appropriate calculation. This review will ensure adjusted annual household income calculations are correctly computed and include all applicable income. The Agency will complete Attachment 9-F, *Worksheet for Documenting Eligible Household and Repayment Income*, to record their calculation, which will then be uploaded to the Electronic Customer File (ECF).

SECTION 2: REPAYMENT INCOME [7 CFR 3555.152(a)]

9.7 OVERVIEW

Repayment income will determine if applicants have sufficient income to repay the mortgage in addition to recurring debts. Repayment income calculations often differ from the calculation of annual and adjusted annual income.

Repayment income is the stable and dependable income of the applicants who will be parties to the note. Co-signers and non-occupant co-borrowers are not permitted for a guaranteed loan transaction.

9.8 STABLE AND DEPENDABLE INCOME [7 CFR 3555.152(a)]

7 CFR 3555.152(a) and Attachment 9-A assist lenders in reviewing income types. The following guidance also assists lenders to consider repayment income sources:

- The income source must be documented.
- There must be evidence to support the historical receipt of earnings.
- Establish the likelihood of its continuance for at least 3 years into the mortgage.
- Analyze any gaps in employment to make a final determination of stable and dependable income. The Agency does not impose specific criteria regarding when a gap in employment is acceptable. It is the approved lender's responsibility to analyze the complete employment history to determine stable and dependable income.
- Caution should be utilized for applicants that have documented declining wages or earnings. Lenders must ensure repayment income is not inflated/overstated.
- Caution should be utilized for applicants that have a documented sharp increase in earnings. A sharp increase in earnings is defined as a 20 percent or greater variance in income from the previous 12 months. Lenders must determine if an increase is supported and logical. Examples include, but are not limited to, a promotion with the current employer, documented pay raise, income trend analysis for overtime, bonus, commission, seasonal employees, etc.
- Caution should be utilized for applicants that have a documented decrease in earnings. A documented decrease in earnings is defined as a 20 percent or greater variance in income from the previous 12 months. Lenders must determine if the decrease has/will continue or if there is evidence to support the earnings have stabilized. Examples include, but are not limited to, loss of job but new employment secured with lower wages, new profession/line of work, loss of contract/clients, economic cycle impact such as real estate, finance/lending, manufacturing, construction, etc.
- Lenders may gross up income that is not subject to Federal taxes 25 percent.

- Any loss incurred by a self-employed business (full time or part-time) that is closed may be removed from consideration when the applicants provide a letter of explanation and documentation to the lender which details: 1. When the business was closed; 2. Why the business was closed; 3. How the business was closed; and 4. Evidence, satisfactory to the lender, to support the closure of the business.

REMINDER: Approved lenders are responsible for their underwriting decisions, which includes the determination of stable and dependable income. Loans that default within 60 months of the date the Loan Note Guarantee is issued may result in indemnification from the approved lender to USDA due to unauthorized underwriting per 7 CFR 3555, HB-1-3555, and additional published USDA guidance.

9.9 AGENCY REVIEW OF REPAYMENT INCOME

The Agency will recalculate the lender's determination of repayment income, as a quality control step, when the repayment ratios are within 10 percent of the published debt ratio threshold of 7 CFR 3555.151(h). Repayment ratios greater than 26 percent for principal, interest, taxes, and insurance (PITI) and/or greater than 37 percent for total debt (TD) require Agency recalculation. The Agency review is only required for manually underwritten loans, defined as application types that are not supported by GUS and applications submitted to GUS that have received an underwriting recommendation of Refer or Refer with Caution.

If the Agency's calculation does not agree with the repayment income calculation of the lender, the Agency will contact the approved lender to review the results and determine the appropriate calculation. This action will strengthen the oversight procedures to verify compliance with regulatory requirements. The Agency will complete Attachment 9-F, *Worksheet for Documenting Eligible Household and Repayment Income*, to record their calculation, which will then be uploaded to the Electronic Customer File (ECF).

9.10 OPTIONAL DOCUMENTATION OF INCOME FORMS

Attachment 9-G of this Chapter provides optional verification forms for the lender's use in verifying non-employed income or adjusted annual income deductions as follows:

- Verification of Pensions and Annuities
- Verification of Student Income and Expenses

- Verification of Medical Expenses
- Verification of Social Security Benefits
- Verification of Public Assistance
- Verification of Child/Dependent Care
- Verification of Unemployment Benefits
- Verification of Business Expenses
- Verification of Support Payments

Also available is an optional form to record an oral verification of employment.

- Record of Oral Verification of Employment

9.11 EDUCATION

The Agency will allow time spent in school towards the required employment history for repayment income. This includes college, technical school, and career-based certificates in high school (e.g. health and public safety career tracks). A standard high school diploma without an accompanying certificate does not meet the time requirements.

Income and Documentation Matrix		
Income guidance: 7 CFR 3555, Sections 3555.152(a) and (b)		
<p>This matrix cannot cover every income/asset type, employment scenario, etc. USDA requires approved lenders to use sound judgment to make an accurate and dependable analysis of income per 7 CFR 3555.152. Exclusions may apply under 7 CFR 3555.152(b)(5) and Attachment 9-D.</p>		
Considerations for Income Calculations		
<ul style="list-style-type: none"> • Lenders must verify the income for each adult household member for the previous 2 years. • Annual and adjusted annual income calculations must include all eligible income sources from all adult household members, not just parties to the loan note. • Annual income is calculated for the ensuing 12 months, based on income verifications, documentation, and household composition. • Include only the first \$480 of earned income from a full-time student who is not the applicant, or a spouse of an applicant in annual and adjusted annual income. • Income from assets that meet the criteria of Section 9.4 must be included in annual and adjusted annual income. • Repayment income calculations include the income sources of the applicants who will be parties to the note that meet the minimum required history identified in this matrix <u>and</u> have been determined to be stable and dependable income by the approved lender. • Income used in repayment income calculations must be confirmed to continue a minimum of three years into the mortgage. • If the income is tax exempt, it may be grossed up 25 percent for repayment income. • “Documentation Source Options” lists eligible documentation. Every item listed is not required unless otherwise stated. Lenders must obtain and maintain documentation in the loan file supporting the lender’s income calculations.

Household members:

<i>Name</i>	<i>Relationship</i>	<i>Comments</i>	<i>Household Income, Assets, and Expenses</i>
David Example	Applicant Age: 40	Employed, party to note	\$1,250/week wages; Savings account balance \$41,400 (APY .5) Checking account balance \$3,500
Betsy Example	Applicant Age: 40	Employed, party to note	\$15.50/hr wages – working 20 hours week \$100/month child support from ex-husband (Kathy’s father)
Cynthia Example	David’s mother Age: 67	Disabled, moved in when husband died, not a party to the note	\$800/month Social Security benefits Savings account balance \$3,800 (APY .045) Checking account balance \$1,400
Janet Smith	Daughter Age: 19	Full-time college student, part-time employed, not a party to the note	\$600/month wages
Kathy Smith	Daughter Age: 14	Full-time junior-high school student, part-time employed, not a party to the note	\$9.00/hour x 8 hours per week x 4 weeks = \$288 monthly earnings
Chris Doe	Foster child Age: 8	Full-time elementary student, not a party to the note	County pays household \$800/month to care for foster child. The family pays \$50 per week/\$200 per month for after school child care.

Eligible Household Income: Calculate annual and adjusted annual income to determine eligibility of the household for the SFHGLP. For Annual Income Calculation – Consider income of all household members:

- Count David’s wages
- Count Betsy’s wages
- Count child support (Betsy)
- Count only the first \$480 of Janet’s wages (Household member is greater than 18 years of age but is a full-time student)
- Do not count Kathy’s wages (Household member is a minor and less than 18 years of age)
- Count Cynthia’s Social Security
- Count actual income from assets from all members of the household if they total \$50,000 or more.
- Do not count payments for Care of foster child
- Passbook rate is .03

Adjusted Annual Income Calculation:

Dependent Deduction

- Three dependent deductions are permitted for Kathy (a minor), Janet (an adult full-time student, who is not the head of household or spouse), and Cynthia (an adult individual with disabilities, who is not the head of household or spouse).
- A foster child is not a permanent household member, and therefore is not an eligible dependent.
- Total household members that meet the Household member definition in 7 CFR 3555.10 are David, Betsey, Cynthia, Janet, and Kathy.
- A deduction of \$1,440 in this example may be deducted ($\$480$ for each eligible dependent $\times 3 = \$1,440$). Dependents are Kathy, Janet, and Cynthia.

Child Care Deduction

- Child care expenses are permitted for the care of a foster child but must not exceed the amount earned by the family member enabled to work.
- Child care expenses are not permitted if another adult household member is available to care for the child. In this example, it is assumed there are no adult household members available to care for the child.
- Since the cost of child care does not exceed an adult household member's monthly earnings, the full amount of the child care may be deducted.

Elderly or Disabled Household Deduction

- Cynthia, a household member, is 67. But she is not an applicant on the loan, therefore no elderly family deduction is allowed.

Medical Expense Deduction

- Family medical expenses cannot be deducted since this is not an elderly or disabled household as defined in 7 CFR 3555.152(c).

Disability Assistance Expenses

- No disability assistance expenses were claimed. To be allowed a deduction, the expenses would have to be necessary to enable a family member to work.

Repayment Income: Calculate the income utilized to repay the loan. Consider only income from parties to the note that is determined to be stable and dependable per 7 CFR 3555.152(a).

David and Betsy are parties to the note. David has worked the last two years earning \$1,250 per week or \$65,000 annually. Betsy has made \$15.50/hour and worked 20 hours per week for the past five years consistently. Betsy receives child support for Kathy, paid through the court at \$100 a month, or \$1,200 annually. She has received support consistently for the past three years. Kathy is 14. David and Betsy have cared for foster children for the past three years. Chris Doe is 8 years of age. The county pays \$800.00 per month, or \$9,600 annually to the household to care for the foster child. Foster care is not a source of income that is eligible for repayment income.

- David: $\$65,000$ historical employment income divided by 12 = **\$5,416.67**
- Betsy: $\$16,120$ historical employment income divided by 12 = **\$1,343.33**
- Betsy: $\$1,200$ historical child support income divided by 12 = **\$100.00** [3-year continuance since Kathy is 14]
- Total stable and dependable income in accordance with 7 CFR 3555.152(a) = **\$6,860.00/month**

ANNUAL INCOME

SOURCES OF INCOME WHICH BY FEDERAL STATUTE ARE EXCLUDED FROM ANNUAL INCOME

The following sources, subject to exemption by Federal statute, are never considered when calculating annual income.

Any revenue which a Federal statute exempts shall not be considered income or used as a basis for determining eligibility for an Agency loan, payment assistance, or denying or reducing Federal financial assistance or benefits to which the recipient would otherwise be entitled. Additional financial assistance, which is considered exempt income under Federal statutes, includes:

1. The imminent danger duty-pay to a service person applicant or spouse away from home and exposed to hostile fire. Amounts of imminent danger pay for military personnel stationed in the Combat Zone are excluded from annual income effective August 2, 1990. Any military pay received by persons serving in the Combat Zone received on or after January 17, 1991, is excluded from annual income. The Combat Zone, as defined by the Presidential Executive Order 12744 dated January 21, 1991, consists of the Persian Gulf, the Red Sea, the Gulf of Oman, that portion of the Arabian Sea that lies north of 10 degrees north latitude and west of 68 degrees east longitude, the Gulf of Aden, the total land areas of Iraq, Kuwait, Saudi Arabia, Oman, Bahrain, Qatar, and the United Arab Emirates. Immediately upon notification by the family or based on information from a knowledgeable source that a member of the household was serving in the Combat Zone, the Loan Approval Official shall re- determine the household income retroactive to January 17, 1991, and adjust the applicant's payment assistance accordingly.
2. Payments and assets, including for supportive services and reimbursement of out-of-pocket expenses, for volunteers under the Domestic Volunteer Service Act of 1973, including, but not limited to:
 - a. National Volunteer Antipoverty Programs, which include Volunteers in Service to America (VISTA), Peace Corps, Service Learning Programs, and Special Volunteer Programs.

- b. National Older American Volunteer Programs for persons age 60 and over who include Retired Senior Volunteer Programs, Foster Grandparent Program, Older American Community Services Program, and National Volunteer Programs to Assist Small Business and Promote Volunteer Service to Persons with Business Experience, Service Corps of Retired Executives (SCORE), and Active Corps of Executives (ACE).
3. Allowances, earnings, and payments to individuals participating in programs under the Workforce Investment Act of 1998 reauthorized as the Workforce Innovation and Opportunity Act of 2014.
4. Allowances, earnings, and payments to AmeriCorps participants under the National and Community Service Act of 1990.
5. Payments and assets received after January 1, 1989, from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement in the "*In Re Agent Orange Product Liability Litigation*", M.D.L. No. 381 (E.D.N.Y.).
6. Payments and assets received under the "Alaska Native Claims Settlement Act" or the "Maine Indian Claims Settlement Act". Additionally, lump sum or periodic payments received by an individual Indian pursuant to the Class Action Settlement Agreement in the case entitled *Elouise Cobell et al. v. Ken Salazar et al.*, for a period of one year from the time of receipt of that payment as provided in the Claims Resolution Act of 2010. This exclusion also applies to assets.
7. Income and assets derived from certain sub-marginal land of the United States that is held in trust for certain American Indian tribes.
8. Payments and assets received by the Indian Claims Commission to the Confederated Tribes and Bands of the Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation.
9. Payments, funds, or distributions authorized, established, or directed by the Seneca Nation Settlement Act of 1990. This exclusion also applies to assets.
10. Assistance payments or allowances made under the Department of Health and Human Services Low- Income Home Energy Assistance Program.
11. Assistance received under the Richard B. Russell School Lunch Act, and the Child Nutrition Act of 1966, including reduced-price lunches and food under the Special Supplemental Food Program for Women, Infants, and Children (WIC).
12. Payments received from the Job Training Partnership Act.
13. Income and assets derived from the disposition of funds of the Grand River Band of Ottawa Indians.

14. The first \$2,000 of per capita shares received from judgment funds awarded by the National Indian Gaming Commission or the U.S. Claims Court, the interests of individual Indians in trust or restricted lands, and the first \$2,000 per year of income received by individual Indians from funds derived from interests held in such trust or restricted lands. This exclusion does not include proceeds of gaming operations regulated by the Commission. This exclusion also applies to assets.
15. Payments received from programs funded under Title V of the Older Americans Act of 1965.
16. Payments from any deferred U.S. Department of Veterans Affairs disability benefits that are received in a lump sum amount or in prospective monthly amounts.
17. Amounts of student financial assistance funded under title IV of the Higher Education Act of 1965, including awards under Federal work-study programs or under the Bureau of Indian Affairs student assistance programs.
18. The amount of any refund (or advance payment with respect to a refundable credit) issued under the Internal Revenue Code is excluded from income and assets for a period of 12 months from receipt.
19. Any allowance paid to children of Vietnam veterans born with spina bifida, children of women Vietnam veterans born with certain birth defects, and children of certain Korean and Thailand service veterans born with spina bifida is excluded from income and assets.
20. Any amount of crime victim compensation and assets that provides medical or other assistance (or payment or reimbursement of the cost of such assistance) under the Victims of Crime Act of 1984 received through a crime victim assistance program, unless the total amount of assistance that the applicant receives from all such programs is sufficient to fully compensate the applicant for losses suffered as a result of the crime.
21. Any amounts in an “individual development account” are excluded from assets and any assistance, benefit, or amounts earned by or provided to the individual development account are excluded from income, as provided by the Assets for Independence Act.
22. Federal assistance for a major disaster or emergency received by individuals and families under the Robert T. Stafford Disaster Relief and Emergency Assistance Act and comparable disaster assistance provided by States, local governments, and disaster assistance organizations. This exclusion also applies to assets.

23. Any amount in an Achieving Better Life Experience (ABLE) account, distributions from and certain contributions to an ABLE account established under the ABLE Act of 2014.
24. The value of any child care assistance provided or arranged (or any amount received as payment for such care or reimbursement for costs incurred for such care) under the Child Care and Development Block Grant Act of 1990.
25. Assistance and assets received by a household under the Emergency Rental Assistance Program pursuant to the Consolidated Appropriations Act, 2021 and the American Rescue Plan Act of 2021.
26. Any other income which is exempted under Federal statute.

ATTACHMENT 9-E INFORMATION FOR ANALYZING TAX RETURNS FOR SELF-EMPLOYED APPLICANTS

Self-employed applicants must submit current documentation of the business' income and expenses, including any applicable Federal tax returns that were filed with the IRS for the most recent two years in addition to year-to-date profit and loss and balance statements. Lenders are encouraged to use Fannie Mae Form 1084, *Cash Flow Analysis*, and Fannie Mae Form 1088, *Comparative Income Analysis*, to document a trend analysis for the applicant's business. Lenders may use the Fannie Mae forms or any documentation that provides the same information. Regardless of the analysis method used, and the documentation prepared by the lender, the loan file must contain clear and sufficient support for the lender's decision regarding the viability of the business and loan approval.

A. Individual Tax Returns (IRS Form 1040)

The amount shown on the IRS Form 1040 as "adjusted gross income" must be either increased or decreased based on the lender's analysis of the individual tax returns and any related tax schedules. Particular attention must be paid to:

- **Wages, salaries, tips.** If an amount is shown here, this may indicate the individual is a salaried employee of a corporation or has other sources of income. It may also indicate the spouse is employed, in which case the income must be subtracted from the adjusted gross income in the analysis.
- **Business income or loss (from Schedule C).** The sole proprietorship income calculated on Schedule C is business income. Depreciation or depletion may be added back to adjusted gross income.
- **Rents, royalties, partnerships, etc. (from Schedule E).** Any income received from rental properties or royalties may be used as income after adding back any depreciation shown on Schedule E.
- **Capital gain or loss (from Schedule D).** This is generally a one-time transaction and should not be considered in determining repayment income. However, if the business has a constant turnover of assets resulting in gains or losses, the capital gain or loss may be considered in determining the income provided the applicants have at least two years' tax returns evidencing capital gains. An example would include an individual who purchases old houses, remodels them, and sells them for a profit.
- **Interest and dividend income (from Schedule B).** This income, both taxable and tax-exempt, may be added back to the adjusted gross income only if it has been received for the past two years and is expected to continue. If the interest-bearing asset will be liquidated as a source of the cash investment, the lender must adjust accordingly.

- **Farm income or loss (from Schedule F).** Any depreciation shown on Schedule F may be added back to the adjusted gross income.
- **IRA distributions, pensions and annuities, and social security benefits.** The non-taxable portion of these items may be added back to the adjusted gross income if the income is expected to continue for the first three years of the mortgage.
- **Adjustments to income.** Certain adjustments to income shown on the IRS Form 1040 may be added back to the adjusted gross income. Among these are IRA and Keogh retirement deductions, penalties on early withdrawal of savings, health insurance deductions, and alimony payments.
- **Employee business expenses.** These are actual cash expenses that must be deducted from the applicant's adjusted gross income, if applicable.

B. U.S. Corporate Income Tax Returns (IRS Form 1120)

Corporations are state chartered businesses owned by their stockholders. Compensation to its officers, generally in proportion to the percentage of ownership, is shown on the corporate tax returns and will appear on individual tax returns. If the applicant's percentage of ownership is not shown, it must be separately obtained from the corporation's accountant with evidence the applicants have the right to those funds. Once the adjusted business income is determined, it is to be multiplied by the applicant's percentage of ownership in the business.

In analyzing the corporate tax returns, lenders must adjust for the following:

- **Depreciation and depletion.** The corporation's depreciation and depletion must be added back to after-tax income.
- **Taxable income.** This is the corporation's net income before federal taxes. It must be reduced by the tax liability.
- **Fiscal year versus calendar year.** If the corporation operates on a fiscal year that is different from the calendar year, an adjustment must be made by the lender to relate corporate income to the individual tax return.
- **Cash withdrawals.** The applicant's withdrawal of cash from the corporation may have a severe negative impact on the corporation's ability to continue operating.

C. "S" Corporation Tax Returns

An "S" corporation is generally a small, start-up business, with gains and losses passed onto stockholders in proportion to each stockholder's percentage of business ownership. The income for the owners comes from W-2 wages and is taxed at the individual rate.

The "compensation of officers" line on the IRS Form 1120-S is transferred to the applicant's IRS Form 1040. Both depreciation and depletion may be added back to income in

proportion to the applicant's share of income. However, income must also be deducted proportionately by the total obligations payable by the corporation in less than one year. The applicant's withdrawal of cash from the corporation may have a severe negative impact on the corporation's ability to continue operating which must be considered in the analysis.

D. Partnership Tax Returns

A partnership is formed when two or more individuals form a business and share in profits, losses, and responsibility for running the company. Each partnership pays taxes on his or her proportionate share of the partnership income.

Both general and limited partnerships report income on the IRS Form 1065, *U.S. Return of Partnership Income*, which must be reviewed by the lender to assess the viability of the business. The partner's share of income is carried over to Schedule E of IRS Form 1040. Both depreciation and depletion may be added back to income in proportion to the applicant's share of income. However, income must also be deducted proportionately by the total obligations payable by the partnership in less than one year. The applicant's withdrawal of cash from the partnership may have a severe negative impact on the partnership's ability to continue operating that must be considered in the analysis.

E. LLC Corporation Tax Returns

A limited liability corporation (LLC) can be formed by one or more individuals. Only Massachusetts and the District of Columbia require two or more individuals. Owners in an LLC are referred to as members. A member of an LLC normally has at risk, only his or her share of capital paid into the business. Members are not personally liable for the debts of the LLC. There are three ways in which an LLC is taxed:

- **Single-owner LLC.** LLC owners are taxed on business profits each year on their individual income tax returns. The IRS treats the LLC as a sole proprietorship. Profits are reported on Schedule C of an individual 1040 tax return.
- **LLCs.** The IRS treats the LLC as a partnership. The LLC prepares and files IRS Form 1065, *U.S. Return of Partnership Income*, each year. LLC profits are allocated to each of the owners according to the profit-sharing arrangement set up in the LLC operating agreement. Each owner is given a Schedule K-1, which shows each owner's share of LLC income. The owner then reports and pays taxes on this income on the owner's 1040 income tax return.
- **Check-the-Box Corporate Tax Treatment.** Under these rules, any eligible business can elect to be taxed as a corporation by filing IRS Form 8832, *Entity Classification Election*, and checking the corporate income tax treatment box on the form. After making this election, profits kept in the business are taxed at the separate income tax rates that apply to corporations.

 WORKSHEET FOR DOCUMENTING ELIGIBLE
 HOUSEHOLD AND REPAYMENT INCOME
 [AGENCY USE ONLY]**

Agency Instructions: Recalculate income in the circumstances noted below. Retain this worksheet as part of the permanent SFHGLP file, when applicable. If the reviewer agrees with the lender's income calculation, check the box indicating agreement with the lender's calculation; otherwise complete the recalculation of income in the space provided.

Eligible Household Income: Recalculate the lender's determination of eligible income if the lender's adjusted annual income calculation is within 10 percent of the applicable published income limit for manually underwritten loans. The published income limits may be found at the public website: <http://eligibility.sc.egov.usda.gov/eligibility/>

Repayment Income: Recalculate the lender's determination of repayment income for manually underwritten loans if the lender's repayment ratios are within 10 percent of the published debt ratio limit found at [§7 CFR 3555.151\(h\)](#). [i.e. greater than 26.0% principal, interest, taxes and insurance (PITI) OR greater than 37.0% total debt ratio (TD)].

Definition - Manually Underwritten Loan Files: 1) Loans submitted by lenders that are not supported by the automated underwriting system, GUS. 2) Loans submitted to GUS, that have received an underwriting recommendation of Refer or Refer With Caution. Accept and Accept with Full Documentation loans are not manually underwritten loans.
