Higher Blends Infrastructure Incentive Program
June 26, 2023**

States	Senators	Representatives	Recipient	Grant Amount	Project Description
CA	Dianne Feinstein Alex Padilla	Judy Chu (28)	Armag Oil Inc.	\$58,250	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Armag Oil Inc. is the owner of 10 or fewer fueling stations. This project will install two E85 dispensers at one fueling station located in California. Stations locations impacted by this grant are: East Los Angeles. This project projects to increase the amount of ethanol sold by 207,144 gallons per year.
CA	Dianne Feinstein Alex Padilla	Brad Sherman (32) Judy Chu (28) Jimmy Gomez (34)	America Oil CO 12	\$370,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. America Oil Co 12 is the owner of 10 or fewer fueling stations. This project will install six E85 dispensers and three ethanol storage tanks at three fueling stations located in California. Stations locations impacted by this grant are: Sherman Oaks, Pasadena, and Los Angeles. This project projects to increase the amount of ethanol sold by 287,160 gallons per year.
CA	Dianne Feinstein Alex Padilla	Tom McClintock (05) Jim Costa (21)	AAPKA Inc.	\$240,000	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. AAPKA Inc is the owner of 10 or fewer fueling stations. This project will install six E85 dispensers and one ethanol storage tank at two fueling stations located in California. Stations locations impacted by this grant are: Cathey's Valley and Visalia. This project projects to increase the amount of ethanol sold by 87,106 gallons per year.
CA	Dianne Feinstein Alex Padilla	Nanette Barragan (44) Doris Matsui (07)	AltAir Paramount LLC	\$1,500,000	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. AltAir Paramount LLC is a fuel distribution facility company. This project will consist of upgrading of the existing rail unloading rack spill protection, installation of new pumps and overhead piping, and upgrades of the existing tanks and track truck loading racks at one location located in California. Facility locations impacted by this grant are: Elk Grove. This project projects to increase the amount of biodiesel sold by 10,000,000 gallons per year.
CA	Dianne Feinstein Alex Padilla	Anna Eshoo (16) John Garamendi (08)	Texas Petroleum Inc.	\$520,248	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Texas Petroleum Inc is the owner of 10 or fewer fueling stations. This project will install four E85 dispensers, two B20 dispensers, one ethanol storage tank, and one biodiesel storage tanks at one fueling station located in California. Stations locations impacted by this grant are: Fairfield. This project projects to increase the amount of biofuel sold by 150,201 gallons per year.

Higher Blends Infrastructure Incentive Program
June 26, 2023**

States	Senators	Representatives	Recipient	Grant Amount	Project Description
CA	Dianne Feinstein Alex Padilla	Norma Torres (35) Juan Vargas (52)	New Leaf Biofuel LLC	\$632,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. New Leaf Biofuel LLC is a fuel distribution facility company. This project will consist of installing a new E85 header/rack, pump, piping, and loadout at one location in California. Facility locations impacted by this grant are: Fontana. This project projects to increase the amount of ethanol sold by 7,000,000 gallons per year. The purpose of this funding program is to assist owners of transportation fueling and fuel distribution facilities in activities designed to expand the sales and use of ethanol and biodiesel.
CA	Dianne Feinstein Alex Padilla	Ami Bera (06)	Madison Service Oil Company	\$636,750	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Madison Service Oil Company is the owner of 10 or fewer fueling stations. This project will replace three E85 dispensers, three B20 dispensers, one ethanol storage tank, and one biodiesel storage tanks at one fueling station located in California. Stations locations impacted by this grant are: Carmichael. This project projects to increase the amount of ethanol sold by 157,187 gallons per year.
CA	Dianne Feinstein Alex Padilla	Salud Carbajal (24)	American Supreme Gas	\$94,375	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. American Supreme Gas is the owner of 10 or fewer fueling stations. This project will install one E85 dispenser and one ethanol storage tank at one fueling station located in California. Stations locations impacted by this grant are: Carpinteria. This project projects to increase the amount of ethanol sold by 59,973 gallons per year.
CA	Dianne Feinstein Alex Padilla	Anna Eshoo (16)	Amidi Petroleum Inc.	\$520,248	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Amidi Petroleum Inc. is the owner of 10 or fewer fueling stations. This project will replace four E85 dispensers, two B20 dispensers, one ethanol storage tank, and one biodiesel storage tank at one fueling station located in California. Stations locations impacted by this grant are: Los Gatos. This project projects to increase the amount of ethanol sold by 182,772 gallons per year.
CA	Dianne Feinstein Alex Padilla	Anna Eshoo (16) Ro Khanna (17)	Green Gas Inc. dba Green Petroleum Gas Inc	\$636,750	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Green Gas Inc. dba Green Petroleum Gas Inc. is the owner of 10 or fewer fueling stations. This project will install six E85 dispensers, four B20 dispensers, one ethanol storage tank, and one biodiesel storage tank at one fueling station located in California. Stations locations impacted by this grant are: San Jose. This project projects to increase the amount of biofuels sold by 163,537 gallons per year.
CA	Dianne Feinstein Alex Padilla	Jimmy Panetta (19)	Satnam Petroleum Inc.	\$1,215,249	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Satnam Petroleum Inc. is the owner of 10 or fewer fueling stations. This project will install 11 E85 dispensers, four B20 dispensers, two ethanol storage tanks, and two biodiesel storage tanks at two fueling stations located in California. Stations locations impacted by this grant are: San Jose (2). This project projects to increase the amount of biofuels sold by 237,695 gallons per year.

June 26, 2023**

States	Senators	Representatives	Recipient	Grant Amount	Project Description
CA	Dianne Feinstein Alex Padilla	Julia Brownley (26)	TS Food Mart Inc.	\$58,250	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. TS Food Mart Inc. is the owner of 10 or fewer fueling stations. This project will install two E85 dispensers at one fueling station located in California. Stations locations impacted by this grant are: Fillmore. This project projects to increase the amount of ethanol sold by 41,006 gallons per year.
CA	Dianne Feinstein Alex Padilla	Juan Vargas (52)	California Super Gas	\$29,125	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. California Super Gas is the owner of 10 or fewer fueling stations. This project will install one E85 dispenser at one fueling station located in California. Stations locations impacted by this grant are: Escondido. This project projects to increase the amount of ethanol sold by 3,405 gallons per year.
CA	Dianne Feinstein Alex Padilla	Robert Garcia (42) Lou Correa (46)	Broadway Center Mobil	\$116,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Broadway Center Mobil is the owner of 10 or fewer fueling stations. This project will install four E85 dispensers at two fueling stations located in California. Stations locations impacted by this grant are: Anaheim and Long Beach. This project projects to increase the amount of ethanol sold by 224,205 gallons per year.
CA	Dianne Feinstein Alex Padilla	Barabara Lee (12)	MAC Energy Group Inc.	\$123,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. MAC Energy Group Inc. is the owner of 10 or fewer fueling stations. This project will install two E85 dispensers and one ethanol storage tank at one fueling station located in California. Stations locations impacted by this grant are: San Leandro. This project projects to increase the amount of ethanol sold by 92,730 gallons per year.
CA	Dianne Feinstein Alex Padilla	John Duarte (13)	Manu Deen Bani Inc.	\$201,625	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Manu Deen Bani Inc. is the owner of 10 or fewer fueling stations. This project will install one E85 dispenser, one B20 dispenser, one ethanol storage tank, and one biodiesel storage tank at one fueling station located in California. Stations locations impacted by this grant are: Snelling. This project projects to increase the amount of biofuels sold by 25,133 gallons per year.
CA	Dianne Feinstein Alex Padilla	Jared Huffman (02)	Power Petroleum Corporation	\$29,125	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Power Petroleum Corporation is the owner of 10 or fewer fueling stations. This project will install one E85 dispenser one fueling station located in California. Stations locations impacted by this grant are: San Rafael. This project projects to increase the amount of ethanol sold by 25,976 gallons per year.
CA	Dianne Feinstein Alex Padilla	Tony Cardenas (29)	Gazelle Petrol Inc.	\$123,250	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Gazelle Petrol Inc. is the owner of 10 or fewer fueling stations. This project will install two E85 dispensers and one ethanol storage tank at one fueling station located in California. Stations locations impacted by this grant are: San Fernando. This project projects to increase the amount of ethanol sold by 72,502 gallons per year.

Higher Blends Infrastructure Incentive Program
June 26, 2023**

States	Senators	Representatives	Recipient	Grant Amount	Project Description
CA	Dianne Feinstein Alex Padilla	Sydney Kamlager (37)	MK Chevron	\$181,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. MK Chevron is the owner of 10 or fewer fueling stations. This project will install four E85 dispensers and one ethanol storage tank at one fueling station located in California. Stations locations impacted by this grant are: Los Angeles. This project projects to increase the amount of ethanol sold by 314,405 gallons per year.
CA	Dianne Feinstein Alex Padilla	Jim Costa (21)	White DJY Inc.	\$29,125	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. White DJY Inc. is the owner of 10 or fewer fueling stations. This project will install one E85 dispenser at one fueling station located in California. Stations locations impacted by this grant are: Bakersfield. This project projects to increase the amount of ethanol sold by 92,630 gallons per year.
CA CO	Dianne Feinstein Alex Padilla (CA) Michael Bennet John Hickenlooper (CO)	Kevin McCarthy (CA 20) Diana DeGette (CO 01)	Crimson Renewable Energy LLC	\$399,521	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Crimson Renewable Energy, LLC is a fuel distribution facility company. This project will consist of installing a blending skid with two loading bays, and in-house blending system at one location in California. Facility locations impacted by this grant are: Bakersfield. This project projects to increase the amount of biodiesel sold by 30,494,567 gallons per year.
GA	Jon Ossoff Raphael Warnock	Mike Collins (10)	Down to Earth Energy LLC	\$62,708	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Down to Earth Energy LLC, located in Monroe, Georgia, is the owner of 10 or fewer fueling stations. This project will replace one B20 dispenser at one fueling station and install two B20 dispensers at another fueling station. This project expects to increase the amount of biodiesel sold by 21,960 gallons per year.
IA	Charles Grassley Joni Ernst	Ashley Hinson (02)	Iowa Petroleum & Convenience Inc.	\$243,000	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Iowa Petroleum & Convenience Inc. is the owner of 10 or fewer fueling stations. This project will replace three E15 dispensers, three E85 dispensers, three B20 dispensers, one ethanol storage tank, and one biodiesel storage tank at one fueling station located in Iowa. Stations locations impacted by this grant are: Cedar Falls. This project projects to increase the amount of ethanol sold by 617,919 gallons per year.
IA	Charles Grassley Joni Ernst	Ashley Hinson (02)	Star Real Estate Holdings	\$215,000	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Star Real Estate Holdings is the owner of 10 or fewer fueling stations. This project will replace four E15 dispensers and four ethanol storage tanks at one fueling station located in Iowa. Stations locations impacted by this grant are: Waterloo. This project projects to increase the amount of ethanol sold by 6,000 gallons per year.

States	Senators	Representatives	Recipient	Grant Amount	Project Description
IA	Charles Grassley Joni Ernst	Mariannette Miller-Meeks (01)	BS Mini-Mart Inc.	\$116,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. BS Mini-Mart Inc is the owner of 10 or fewer fueling stations. This project will replace two E15 dispensers and one ethanol storage tanks at one fueling stations located in Iowa. Stations locations impacted by this grant are: Burlington. This project projects to increase the amount of ethanol sold by 241,054 gallons per year.
IA	Charles Grassley Joni Ernst	Ashley Hinson (02)	Route 63 Travel Plaza Inc	\$310,750	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Route 63 Travel Plaza Inc is the owner of 10 or fewer fueling stations. This project will replace five E15 dispensers, five E85 dispensers, one ethanol storage tank, and one biodiesel storage tanks at one fueling station located in Iowa. Stations locations impacted by this grant are: Chester. This project projects to increase the amount of biofuels sold by 73,311 gallons per year.
IA	Charles Grassley Joni Ernst	Mariannette Miller-Meeks (01)	Express Stop Inc	\$138,250	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Express Stop Inc is the owner of 10 or fewer fueling stations. This project will install three E15 dispensers and one ethanol storage tank at one fueling station located in Iowa. Stations locations impacted by this grant are: Marengo. This project plans to increase the amount of ethanol sold by 331,416 gallons per year.
IA MO	Charles Grassley Joni Ernst (IA) Josh Hawley Eric Schmitt (MO)	Sam Graves (MO 06) Zach Nunn (IA 03)	Elliott Oil Company	\$357,750	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Elliott Oil Company is the owner of more than 10 fueling stations. This project will replace four E15 dispensers, four B20 dispensers, one ethanol storage tank, and one biodiesel storage tank at one fueling station located in Missouri. Stations locations impacted by this grant are: Lancaster. This project projects to increase the amount of biofuels sold by 877,500 gallons per year.
IA	Charles Grassley Joni Ernst	Mariannette Miller-Meeks (01) Ashley Hinson (02)	Scheetz Group LLC	\$287,886	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Scheetz Group LLC is the owner of 10 or fewer fueling stations. This project will replace three E15 dispensers, three B20 dispensers, two ethanol storage tanks, and one biodiesel storage tank at one fueling station located in Iowa. Stations locations impacted by this grant are: Van Horne. This project projects to increase the amount of ethanol sold by 30,336 gallons per year.
IA	Charles Grassley Joni Ernst	Randy Feenstra (04) Ashley Hinson (02)	Kimmes Enterprises LLC	\$510,500	This Rural Development investment will be used to create infrastructure to expand the sales and use of renewable fuels. Kimmes Enterprises LLC is the owner of more than 10 fueling stations. This project will replace four E15 dispensers and four ethanol storage tanks at three fueling stations located in Iowa. Stations locations impacted by this grant are: Carroll, Rockwell City, and Baxter. This project projects to increase the amount of ethanol sold by 634,737 gallons per year. The purpose of this funding program is to assist owners of transportation fueling and fuel distribution facilities in activities designed to expand the sales and use of ethanol and biodiesel.
