SUBJECT: Interest Rate Changes for Water and Waste Disposal Loans

Language in the Consolidated Farm and Rural Development Act requires that the poverty rate and the intermediate rate be determined based on the approval date of the loan. For those loans approved on or after May 23, 2008, the poverty rate will be set at 60 percent of the market rate and the intermediate rate set at 80 percent of the market rate, adjusted to the nearest one-eighth of one percent. Effective from July 1, 2020 through September 30, 2020, the interest rates for Water and Waste Disposal loans approved on or after May 23, 2008 are as follows:

Poverty Line....decreased to.....1.125%  
Intermediate....decreased to.....1.500%  
Market.....decreased to.....1.875%

For loans approved but not closed on or before May 22, 2008, the poverty rate will remain fixed at 4.500 percent and the intermediate rate will continue to be set at one-half of the difference between the poverty line rate and the market rate. Effective from July 1, 2020 through September 30, 2020, the interest rates for Water and Waste Disposal loans approved on or before May 22, 2008 are as follows:

Poverty Line... unchanged at.....4.500%  
Intermediate....decreased to.....3.125%  
Market .....decreased to.....1.875%

Due to the inversion of the rates, all loans may be obligated at the lower market rate for this quarter.

EXPIRATION DATE:  
September 30, 2020
