

SOLID WASTE MANAGEMENT FY 2020 GRANT RECIPIENTS

	State	Organization	Contact Info	Assistance
1	Alaska	Norton Sound Health Corporation	Phone: 907-443-3286 Website: www.nortonsoundhealth.org	Norton Sound Health Corporation will provide technical assistance to improve the local management and operational capacity of solid waste programs in 16 remote Alaska Native communities.
2	Arizona	Inter-Tribal Council of Arizona, Inc.	Phone: 602-258-4822 Website: www.itcaonline.com	Inter-Tribal Council of AZ, Inc., proposes to conduct training for tribal solid waste personnel on toxins in landfills, landfill closure, composting, and handling of hazardous waste.
3	Iowa	University of Northern Iowa	Phone: 319-273-3217 Website: www.uni.edu	University of Northern Iowa will implement the Comprehensive Regional Food Waste Diversion Project to decrease food waste discarded in landfills by providing direct, on-site assistance and training for key food waste stakeholders within Iowa and bordering states.
4	Kansas	Kansas State University	Phone: 785-532-6804 Website: www.k-state.edu	Kansas State University will reduce the amount of unwanted prescription medication in the community through education and resource promotion.
5	District of Columbia	Rural Community Assistance Partnership, Inc.	Phone: 202-470-1583 Website: http://rcap.org	Rural Community Assistance Partnership will conduct a national program to provide technical assistance and training to reduce pollution of water resources and improve planning and management of solid waste sites in rural communities.
6	North Carolina	Land of Sky Regional Council	Phone: 828-251-6622 Website: www.landofsky.org	Land of Sky Regional Council proposes to assist local governments to reduce contamination of collected recyclables through cost analysis, research for potential end markets, and recommended strategies.
7	New Hampshire	Lakes Region Planning Commission	Phone: 603-279-5336 Website: www.lakesrpc.org	Lakes Region Planning Commission will reduce the quantity and toxicity of their solid waste stream and lower the costs associated with solid waste management through technical assistance and training for Solid Waste Operators.

8	New Mexico	New Mexico Recycling Coalition	Phone: 505-603-0558 Website: www.recyclenewmexico.com	New Mexico Recycling Coalition will establish repair and reuse centers, establish composting programs, and assist communities in creating zero waste toolkits.
9	New Mexico	Quivira Coalition	Phone: 505-820-2544 Website: www.quiviracoalition.org	Quivira Coalition will develop a municipal and on-farm/ranch composting pilot program through training, technical assistance, and demonstration projects.
10	New York	Syracuse University	Phone: 315-443-1121 Website: www.syracuse.edu	Syracuse University will establish sustainable materials management programs in New York and Puerto Rico, focusing on reuse methods.
11	Ohio	Rural Action, Inc.	Phone: 740-677-4047 Website: www.ruralaction.org	Rural Action, Inc. will provide technical assistance and training to help communities reduce their solid waste stream through the offering of a Zero Waste Community Toolkit, as well as provide training to solid waste managers to reduce waste and increase recycling.
12	Oklahoma	Oklahoma State University	Phone: 405-744-9825 Website: http://go.okstate.edu/	Oklahoma State University will provide technical assistance, training, and education to rural areas of Oklahoma to help local, county, and tribal rural solid waste management facilities understand the economic and ecological importance of establishing solid material management programs.
13	Tennessee	University of Tennessee – Institute for Public Service	Phone: 865-974-8964 Website: https://www.ips.tennessee.edu/	University of Tennessee – Institute for Public Service proposes to address the harmful impact of pharmaceutical waste in low-income rural communities through free training courses to low-income rural communities on pharmaceutical disposal system operation, maintenance, and management, and assistance with developing a strategic information campaign.
14	Texas	Permian Basin Regional Planning Commission	Phone: 432-563-1061 Website: www.pbrpc.org	Permian Basin Regional Planning Commission will provide technical assistance to assist communities with planning for landfill diversion; composting, household and hazardous collection programs; prescription drug disposal programs, and clean-up programs; planning and improving landfill operations; and implementing illegal dumping enforcement activities.
15	Utah	Solid Waste Training Institute (Duchesne – Oneida Project)	Phone: 801-773-3160	Solid Waste Training Institute will establish a food waste collection/diversion program, a prescription drug education/disposal program, and an emerging contaminants program. Technical assistance and training will be provided to landfill operators and managers in these areas.

16	Utah	Solid Waste Training Institute (Bloomington-Tooele Project)	Phone: 801-773-3160	Solid Waste Training Institute will establish a food waste collection/diversion program, a prescription drug collection/disposal program, and an emerging contaminants program in the Opportunity Zones located in Tooele, Utah, and Bloomington, Idaho. Technical assistance and training will be provided to landfill operators and managers in these areas.
17	Utah	Solid Waste Training Institute (Elko-Minidoka Project)	Phone: 801-773-3160	Solid Waste Training Institute will establish a food waste collection/diversion program, a prescription drug education/disposal program, and an emerging contaminants program. Technical assistance and training will be provided to landfill operators and managers in these areas.
18	Utah	Solid Waste Training Institute (AK-CA Project)	Phone: 801-773-3160	Solid Waste Training Institute will conduct a research program to evaluate the solid waste stream in the Hoonah-Angoon Opportunity Zone in Alaska for the purpose of identifying ways to produce marketable commodities from diverted solid waste. In addition, the Institute will establish a prescription drug education/disposal program, a food waste collection/diversion program, and an emerging contaminants program, as well as provide training in each of these programs to landfill operators and managers.
19	Vermont	Northeast Recycling Council, Inc.	Phone: 802-254-3636 Website: https://nerc.org/	Northeast Recycling Council, Inc., will assist rural communities in Maine with developing and sustaining a food and beverage glass recycling program to reduce solid waste and water pollution.
20	Vermont	Central Vermont Solid Waste Management District	Phone: 802-229-9383 Website: www.cvswwmd.org	Central Vermont Solid Waste Management District proposes providing technical assistance to multi-unit housing properties regarding appropriate management of landfill banned materials, including recyclables, food scraps, universal waste and household hazardous waste.
21	Vermont	Windham Solid Waste Management District	Phone: 802-257-0272 Website: www.windhamsolidwaste.org/	Windham Solid Waste Management District will provide training and technical assistance for operators, town officials, and residents to assist with planning and managing solid waste diversion programs.
